Description

How to reproduce:

- Went to: <https://www.phptravels.net/flights>
- Select ONE WAY flight from 'DEN' to 'LAX'
- left date of the flight in its default setting
- default number of passangers was set to 1 adult
- Clicked on passanger box, passanger adding dropdown opened
- By clicking “” symbol left from number of adults 1 time, I set the number of passangers to 0
- Clicked search button

Current result:

SEARCH WAS PREFORMED FOR A TOTAL OF 0 PASSANGERS

Expeceted result:

Search is not performed (the site stays at current URL) and information about missing passanger data should occur
